2021-08	\$16,085	\$13,246	\$19,869
2021-09	\$16,699	\$13,246	\$19,869

Actionable Insights & Recommendations

1. Seasonal Pattern Identified

Peak sales occur in July. Consider ramping up inventory 1-2 months before. Lowest sales in September — ideal for clearance events.

2. Sales Anomalies Detected

Unusual sales volume detected in: 2020-07. Investigate whether these were caused by promotions, stockouts, or external events.
